

PORTABLE LINE UP

SULLIVAN-PALATEK: THE SMART CHOICE

With over 35 years of expertise, Sullivan-Palatek Inc. stands out as a leading manufacturer of rugged and dependable rotary screw compressors. Based in Michigan City, IN, we support American jobs by assembling our products locally in Northwest Indiana.

Our commitment to customer service is unparalleled. With over 1,000 years of combined experience among our team, you can trust our knowledgeable representatives to provide the support you need. We pride ourselves on being there when it matters most—when you call, we answer.

WHY CHOOSE OUR PORTABLE AIR COMPRESSORS?

At Sullivan-Palatek, we are dedicated to continuously improving our portable compressor lineup. By incorporating the latest technology and feedback from our users, we ensure that our portable compressors meet the highest standards of performance and reliability. This commitment to innovation allows us to deliver products that can handle a wide variety of compressed air demands with efficiency and dependability.

Choose Sullivan-Palatek for exceptional products and dedicated service.

**D110PKUW**

HP	CFM
24	110
PSI	ENGINE MAKE
100	KUBOTA T4F

Perfect for contractors and rental stores. With a Kubota Tier 4 Final engine, it delivers 110 CFM at 100 PSI, ideal for 90-pound paving breakers and sprinkler blowouts. It features easy ignition and a hinged canopy for simple maintenance. Its compact size reduces shipping and operating costs, making it a top choice.

**D185PKR**

HP	CFM
49	185
PSI	ENGINE MAKE
100	KOHLER T4F

Delivers 185 CFM at 100 PSI with a durable Titan Top composite canopy for easy maintenance access. Compact and featuring a foldable drawbar, it minimizes shipping and storage footprint. Powered by a 48.8 hp Tier 4 Final Kohler engine, it includes a 108 mm rotary screw air end, side-by-side coolers, a curbside toolbox, a 30-gallon fuel tank, and a modern curbside controller.

**D185PDKR**

HP	CFM
49	185 150
PSI	ENGINE MAKE
100 150	KOHLER T4F

Features Dual Pressure, offering 185 CFM at 100 PSI and 150 CFM at 150 PSI. It has a durable Titan Top composite canopy for easy maintenance, a foldable drawbar for compact shipping and storage, and a 48.8 hp Tier 4 Final Kohler engine. Key features include a 108 mm rotary screw air end, side-by-side coolers, a curbside toolbox, a 30-gallon fuel tank, and a modern curbside controller.

**D185PIZP**

HP	CFM

PSI	ENGINE MAKE
100	ISUZU

Powered by a 49 hp Tier 4 Final ISUZU engine, features a Titan Top composite canopy for easy maintenance. Its compact design includes a foldable drawbar for efficient shipping and storage. Key features include a Sullivan-Palatek rotary screw air end, side-by-side coolers, a curbside toolbox, a 30-gallon fuel tank for a 10-hour shift, and a modern curbside controller.

**185PIZ4**

HP	CFM
49	185
PSI	ENGINE MAKE
100	ISUZU T4F

Built for contractors, this 185 CFM compressor delivers 185 CFM at 100 PSI, ideal for pneumatic tools and sandblasting. It features two full-length toolboxes, large lockable service doors, and galvanized inner fenders. The exterior is protected by Galvanneal and powder-coated sheet metal. Powered by a 49 hp diesel engine, it has a two-stage air filter and a 30-gallon fuel tank for full shifts.

**D210PHKR**

HP	CFM
74	210
PSI	ENGINE MAKE
100/150	KOHLER T4F

Delivers 210 cfm with dual pressures of 100 or 150 psi. Equipped with the Sullivan-Palatek Electronic Controller (SPEC), it offers digital readouts on compressor temperature and engine diagnostics. This versatile compressor is ideal for construction, sand blasting, irrigation blowouts, and rentals.

D260PDKR

HP	CFM
74	260 185
PSI	ENGINE MAKE
100 150	KOHLER T4F

Delivers 260 cfm at 100 psi or 185 cfm at 150 psi. Powered by a Tier 4 Final Kohler engine and a 127 mm twin screw air end, it features a cooler access panel, large toolboxes, a 30-gallon fuel tank, and a rust-resistant galvanized enclosure with a powder-coated finish. It also includes a Sullivan-Palatek Electronic Controller (SPEC) for digital readouts on temperature and engine diagnostics.

D375PHKR & D375PHHKR

HP	CFM
134	375 OR 350
PSI	ENGINE MAKE
150 OR 200	KOHLER T4F

Delivers 375 cfm at 150 psi and there is an option for 350 cfm at 200 psi. It features a 134 hp Kohler Tier 4 engine, a 130 mm twin screw air end, a full containment frame, remote drains, lockout aftercooler, a 60-gallon fuel tank, and a rust-resistant galvanized enclosure with a powder-coated finish.

D750 & D900 SERIES

HP	CFM
310	750 OR 900
PSI	ENGINE MAKE
100/150	CUMMINS T4F

Offers flexible 100 or 150 psig operation for various applications. Featuring the Sullivan-Palatek Electronic Control (SPEC) System, these compressors provide precise control and efficiency. Ideal for construction and sandblasting, their durable, portable design ensures easy transport and setup, delivering consistent, reliable compressed air for demanding tasks.

D1600 SERIES

HP	CFM
535	1600
PSI	ENGINE MAKE
100 150 OR 150	CUMMINS T4F

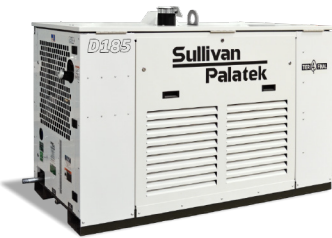

Delivers 1600 cfm at 150 psi. It features a 7" SPEC controller with digital readouts for temperature, filter warnings, and a parts/service list. Ideal for drilling, sandblasting, backup power, and rentals. Dual pressure model also available.

D1150 HIGH PRESSURE

HP	CFM
535	900 1150
PSI	ENGINE MAKE
500 350	CUMMINS T4F

Delivers 900 cfm at 500 psi or 1150 cfm at 350 psi. It features a 7" Sullivan-Palatek Electronic Controller (SPEC) with digital readouts for temperature and filter warnings, plus a parts and service list for easy maintenance. This powerful compressor is ideal for drilling, sandblasting, backup power, and rentals.

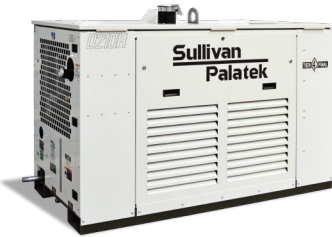

D185UIZ

HP	CFM
49	185
PSI	ENGINE MAKE
100	ISUZU T4F

The Utility Mount Air Compressors provide air flow rates of 185, 210, and 260 cfm with pressure options from 100 to 150 psi.

The 110-260 CFM compressors feature a curbside Sullivan-Palatek Electronic Controller (SPEC) with a digital display showing DEF soot level, compressor, coolant, and engine temperatures, fuel level, engine hours, engine oil pressure, RPM, and more. Compact and easily accessible, these compressors are highly sought-after utility mounts in the industry.
